Dear Powell Bros.:

I found The Newsletter recently received interesting and enjoyable. You both have put a lot of time, effort and thought in this Newsletter.

On pg. 3, under "2. The first period of annual celebrations, 1915-1942 This is all correct, as far as I know. In 1941 there was a 110th anniversary of the C.C.B.Church. You may have known this and didn't care to mention it. I have a copy of this 1941 program. Thought you might like to see it, so I am enclosing it, with a stamped addressed envelope for its return.

There also must have been a 120th anniversary of C.C.B.Church on Nov. 23, 1951., as I wrote and read a poem for this entitled, "Glancing Into the Past". As I read it over, think it might be appropriate to have it read ~~at~~ at the next 155th CHURCH<sup>Anniversary</sup>/s/1986. If you want to see this poem, I will send it to you, to see if it is suitable to use on the C.C.Pioneer Day Program. If you find it appropriate to use; I would like one of you to read it, as you both have so good<sup>an</sup> expression and delivery. (I have noticed that people who are hard of hearing can hear a deeper man's voice<sup>better</sup> than a higher woman's voice.) I was a member of the Clinton Center B. Church on the above mentioned occasion. Now I belong to the Aldenville Baptist Church, where my family attend, which gives me a way to get there.

As I look out the window there is a snow scuall, and I thought spring had come.

Sincerely,

*Verna E. Vance*
